

## THE VETERANS DIRECTORY

We cover the whole of the United Kingdom

The veteran's directory is a national signposting service which has a unique county search system.

It's a free resource where organisations and individuals that support the armed forces community can easily add their services.

We are looking for volunteers who have web experience with WordPress to help with our online presence.

You can add a listing at

[forcesonline.org.uk/veterans-directory](http://forcesonline.org.uk/veterans-directory)

Your organisation can be anything from one of the biggest charities down to the smallest of support groups and anything else in between, which is a free service to non-profits that support the Armed Forces Community.

We allow organisations that during their everyday work provide goods and services to veteran's on a profit basis the opportunity to advertise on our main website for a fixed cost. Details from [len.chappell@forcesonline.org.uk](mailto:len.chappell@forcesonline.org.uk)
